02 — THE PROBLEM

 Fragmented Across 10 Countries
Buyers must navigate dozens of local portals — each with different languages, formats, and standards. No unified experience exists.

Fragmented Across 10 Countries

Buyers must navigate dozens of local portals — each with different languages, formats, and standards. No unified experience exists.

Language Barriers Block Buyers

Cross-border property search is nearly impossible. International buyers can't navigate local portals in unfamiliar languages.

No Verification or Trust

Buyers have no way to verify agent credentials. Fraud and misrepresentation are common pain points across the region.

Outdated, Slow Platforms

Existing portals run on old tech — poor mobile experience, no real-time communication, no smart tools. The market deserves better.

```
graph LR; Buyers[Buyers] --> Sellers[Sellers]; Sellers --> Agents[Agents]; Agents --> Agencies[Agencies];
```

The diagram illustrates the flow of real estate transactions through four key roles, each with a specific icon and description:

- Buyers** (House icon): Search, discover, connect with verified sellers across 10 countries
- Sellers** (Tag icon): List properties and reach buyers across the whole region
- Agents** (Handshake icon): Professional profiles, direct leads, real-time messaging
- Agencies** (Building icon): Full team management, portfolio analytics, subscription plans

Agencies get a full team dashboard — manage all agents, track their performance, view portfolio analytics, manage subscription tiers, and promote listings. The platform handles billing, renewals, and visibility automatically.

The screenshot shows a real estate application interface. At the top, a search bar contains the text "Budva, Montenegro — 24 results". To the right of the search bar is a button labeled "Clear Zone" with a pencil icon. The main area is a map with several property price markers in blue speech bubbles: €185k, €145k, €92k, €230k, €68k, and €210k (which is highlighted with a star). On the left side, a detailed property card is overlaid. The card has a "For Sale" status and a building icon. The price is listed as €145,000. The property is described as "Modern City Apt" with 3 bedrooms, 2 bathrooms, and 88m², located in Sofia, Bulgaria. The agent is "Agent Ivan" with a 4.7 rating. A "View" button with a right arrow is at the bottom of the card. The bottom of the screen shows a partial view of a table with price ranges like "€62k - €68k" and "€320k".

The screenshot shows a real estate map interface. At the top, a search bar contains the text "Budva, Montenegro — 24 results". To the right of the search bar is a button labeled "Clear Zone" with a pencil icon. The map area displays several property listings as blue rectangular markers, each with a price tag in a blue bubble. The prices shown are €185k, €145k, €92k, €230k, €68k, and €210k. The €210k marker is highlighted with an orange bubble and a star icon. A detailed view panel is open on the left side of the map, showing a star icon and the word "Featured" in a brown box. Below this is a small image of a building. The main text in the panel reads "€210,000" in large bold font, followed by "Rooftop Penthouse" in bold. Below that, it says "4 3 140m² · Belgrade, Serbia". At the bottom of the panel, there is a small "p" icon, the text "Agency Prime · 4.9", a star icon, and a "View" button with a right arrow.
